From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 642 comes, you look at Broadway, on this page, and find that Van Tromp street runs from 638, and Orange street from 646, showing that 642 Broadway would come half way between Van Tromp and Orange streets.

For Halls, Flooring, Stone and Iron Stairways, etc.

Pat. July, 1879.

This practical and indispensable article—especially for wear where exposed to ice, snow, or slush—was first introduced by this company several years ago, and its real value **is in being almost indestructible, when proper materials are used in its manufacture,** whilst the cheap, inferior quality, forced on the public by reckless imitators of our patent goods, soon becomes brittle and crumbles to pieces. Address,
